Preparing the Next Generation, Starts with YOU!!

The Will County 4-H Youth Foundation strives to make sure the programs of the University of Illinois-Will County Extension have the resources they need to provide superb levels of education for those youth and adults that are part of the programs. This goal cannot be done without your organization; but you may be asking what is in it for your organization, and what are the programs of the University of Illinois-Will County Extension?

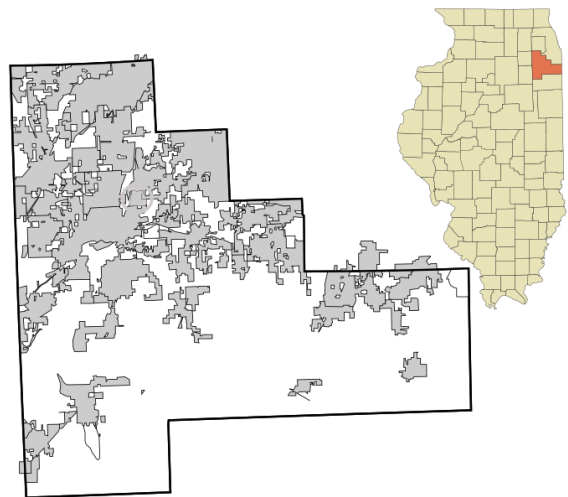

Those Programs are:

- 4-H programs allow youth between the ages of 5-18 years old to learn by doing; while giving them opportunities to serve their communities through volunteer services.
- Master Gardeners involve people improving their quality of life by helping them discover sound management practices for home and urban natural resources, by creating aesthetically pleasing environments, by promoting well-being through people-plant, interactions and horticultural therapy, and by contributing to a safe, abundant food supply through home fruit and vegetable production.

Your contribution to the foundation reaches to a broad audience across one of the Illinois' largest counties.

Your business or organization will be placed in front of over 10,000 visitors at the Will County Fair in August, over 200 4-H families at the Will County 4-H General Project Show, and various community events and festivals across Will County. We also place all sponsors on our website and Facebook page.

This gives us a way to thank you in front of your current and future customers!!!

Will County 4-H Youth Foundation Inc. is a registered 501(C)(3) non-profit organization whose mission is to provide financial support to the educational programs made available through the University of Illinois-Will County Extension.
